sdmay23-11: CySIM
Week 6 Report
October 29 - November 4

Team Members

Matthew Daoud — *Team Organizer*
Brady Schlotfeldt — *Systems Designer*
Ethan Swan — *Systems Designer and Documentation*
Bailey Heinen — *Systems Designer*
Jacob Boicken — *Network Designer*

Summary of Progress this Report

This was an overall slow week but we continued discussing some design related things as well as the ethics assignment. We also began work on the web application. We had one team meetings in discord. In the meetings, we discussed and worked on a bit of design but mainly focused on the individual ethics assignment.

Pending Issues

We still need to get access to the server, but we are still waiting for it to be configured by our client. Pending issues also revolve around our impending web application as well as final design decisions that need to be made.

Plans for Upcoming Reporting Period

We plan to meet again next week on Tuesday to work through our design as well as begin the implementation stage of our project. In particular we plan to continue working on the web application for CySim. We also plan to complete the next phase of the design document. Besides this we are going to work out what needs to be done going forward to ensure a final design is prepared at the end of the semester.

Individual Contributions

Team Member	Contribution	Weekly Hours	Total Hours
Matthew Daoud	Met during meeting time to discuss ethics questions. Also wrote the weekly report. Worked individually on ethics assignment.	1.5	0
Brady Schlotfeldt	Met during meeting time to discuss ethics questions. Also helped to set up this meeting. Worked individually on ethics assignment.	1.5	
Ethan Swan	Met during meeting time to discuss ethics questions. Worked individually on ethics assignment	1.5	

Bailey Heinen	Met during meeting time to discuss ethics questions. Worked individually on ethics assignment. Worked on webapp design.	3	0
Jacob Boicken	Met during meeting time to discuss ethics questions. Worked individually on ethics assignment.	1.5	0

Gitlab Activity Summary

Nothing to report.
